STATINTL

MEMORANDUM FOR [REDACTED]

CHIEF OF PERSONNEL BRANCH

Subject: Letter of Appointment for  
Consultants

1. In accordance with our telephone conversation, there is enclosed herewith Comptroller General's Decision No. B-69907, dated 9 October 1947. You will note that the decision after citing Section 15 of Public Law 600, considers the question of procuring services of experts or consultants on a temporary or intermittent basis without compensation.

2. In view of this decision, it is the opinion of this office that there should be included in the letter of appointment issued when WOC consultants are engaged, a statement to the effect that "this appointment does not entitle the appointee to compensation from the Government for services hereunder." In addition, the appointee should certify his acceptance of the appointment on such terms by signing on a line provided on the face of the letter of appointment issued to him. His signature should be on the copy held by him and also on the copy held in the Agency's files.
